

2023 Step 2 This Dance Studio Competition Team

****No audition this year****

Step 2 This Dance Studio provides a positive environment for those who wish to focus more seriously on their dance technique and experience more performance opportunities. Not only are competition dancers able to improve skills faster through additional studio time, but they also learn to boost their self-confidence and become a positive team player!

Before becoming a competition dancer at Step 2 This Dance Studio, please read through the information below in its entirety AND discuss all commitments required. I hope you and your dancer choose to be a part of this wonderful team.

Time Commitment: Dance competitions are a wonderful way for dancers to showcase their talents throughout the year. Rehearsals will begin towards the end of September, and the schedule will be released once when we know how many dancers will be competing. Competitions are typically three days (Friday-Sunday). Depending on how many numbers your dancer is in you may be there all three days or only one. I suggest blocking out the entire weekend for each competition until the schedule is released, usually no more than 7 days before the competition. If your dancer is unable to fully commit to the rehearsal schedule and competition dates, especially if in a group number, you may want to rethink joining the Competition Team. Dancers should only miss for illness or important events. Financial Commitment: There is a big financial commitment with being a competition dancer. You need to consider all fees: i.e. costumes, makeup, required shoes and tights, rehearsal, choreography and competition entry fees.

What do we expect from Step 2 This Dance Studio Competition Team members at competitions?

- Dancers must be dressed with hair and make-up finished 2 hours prior to scheduled stage time.
- Dancers are responsible for hair and make-up. Make-up kit is available for purchase through Step 2 This Dance Studio.
- We highly recommend storing your costumes in a garment bag.
- Dancers must be fully warmed up and stretched before they perform.
- Dancers should be running through their dances before going on stage.
- Dancers must stand in 5th position when accepting any awards.
- Dancers WILL be supportive of other team members and dance teams.
